

JUSTIN MWAPE

Drilling Superintendent | Senior Drill Supervisor

 +260972410151,+966547139846

 mwapejustin@gmail.com

PROFESSIONAL SUMMARY

Results-driven **Drilling Superintendent / Senior Drill Supervisor** with over 19 years of extensive experience in diamond and reverse circulation (RC) drilling across Africa and the Middle East. Proven expertise in managing multi-rig operations, optimizing drilling performance, and delivering large-scale projects safely, on time, and within budget.

Highly skilled in HSE compliance, operational planning, team leadership, and client coordination. Demonstrated ability to reduce downtime, improve core recovery, and enhance drilling efficiency in complex geological environments. Strong leader committed to developing high-performing teams and achieving operational excellence.

CORE COMPETENCIES

- Multi-Rig Drilling Operations Management
 - Diamond Drilling (PQ, HQ, NQ) & RC Drilling
 - HSE Compliance & Risk Management
 - Drilling Performance Optimization
 - Cost Control & Budget Management
 - Team Leadership & Training
 - Equipment Maintenance & Utilization
 - Client Relations & Reporting
 - Problem Solving & Troubleshooting
 - Project Planning & Execution
-

PROFESSIONAL EXPERIENCE

Senior Drill Supervisor

AGC Mining – Saudi Arabia | 2023 – Present

- Lead and oversee multiple drilling rigs, ensuring high productivity, safety, and cost efficiency

- Plan and execute drilling programs in collaboration with clients and geologists
 - Optimize penetration rates, bit performance, and drilling parameters
 - Troubleshoot complex drilling challenges including ground conditions, deviation, and fluid loss
 - Train and mentor drilling crews, improving performance and operational discipline
 - Ensure full compliance with HSE standards and international drilling practices
 - Prepare detailed operational and performance reports for management and clients
-

Site Manager / Drilling Superintendent

ATL Drilling | 2018 – 2023

- Managed multi-rig drilling operations across various projects (Diamond & RC)
 - Delivered large-scale drilling programs exceeding **10,000 meters per project**
 - Reduced operational downtime through improved crew coordination and maintenance planning
 - Supervised and developed both expatriate and national teams (20+ personnel)
 - Maintained high safety standards, achieving strong HSE performance
 - Coordinated directly with clients to meet project objectives and timelines
-

Driller

Geodrill Zambia | 2018 – 2019

- Operated and managed drilling rigs ensuring efficient operations
 - Monitored mud systems and drilling parameters for optimal performance
 - Conducted safety inductions and ensured compliance with site regulations
 - Maintained equipment and ensured operational readiness
-

Driller / Supervisor

Drill Africa Company Limited | 2017 – 2018

- Supervised drilling operations and ensured adherence to safety standards
 - Improved core recovery through proper bit selection and drilling techniques
 - Maintained drilling equipment and resolved operational challenges
-

Geo-Technician

Kalaba Mine | 2016 – 2017

- Supported geotechnical operations and drilling programs
 - Assisted in planning, sampling, and data collection
 - Coordinated closely with geologists for operational efficiency
-

Driller / Supervisor

T3 Drilling Congo | 2010 – 2015

- Led drilling crews and ensured safe and efficient operations
 - Conducted risk assessments, safety meetings, and pre-start checks
 - Maintained daily drilling reports and operational records
 - Promoted to supervisory role based on performance
-

Drill Supervisor – Diamond Drilling (NQ/HQ)

Layne Drilling Zambia | 2003 – 2010

- Supervised diamond drilling operations and trained rig personnel
 - Managed rig mobilization, maintenance, and site operations
 - Delivered multiple successful drilling projects with strong client satisfaction
-

KEY ACHIEVEMENTS

- Successfully delivered **30,000m+ drilling projects** across multiple sites
 - Managed **multi-rig operations (3–10 rigs simultaneously)**
 - Improved **core recovery rates to 95%+** in HQ/NQ drilling
 - Reduced downtime significantly through operational improvements
 - Maintained strong **HSE performance with minimal incidents**
 - Led and developed large teams (20+ personnel)
-

EDUCATION

- Diploma in Marketing – NIPA
- Diploma in Mission Studies – BMW Florida (2005)
- Diploma in Fire Fighting – 2023
- Grade 12 Certificate – Kabulonga Boys School (2002)

CERTIFICATIONS & TRAINING

- Health & Safety Field Operations – Object IQ (2020)
- Supervisory Skills – ATL Drilling (2019)
- Drilling Rig Operator Certificate – T3 Drilling (2015)
- Advanced First Aid Certificate
- Basic Fire Fighting Training
